Governor Ducey issues executive order with updated requirements for restaurants, bars, and other businesses

Holbrook, AZ – Governor Ducey issued an executive order late yesterday with updated requirements for restaurants, bars, movie theaters, indoor gyms, and fitness clubs beginning at close of business today, Friday March 20. The order requires these establishments be closed to public access until further notice, but restaurants may continue to serve food through pick-up, delivery, and drive-through.

"This is a big change for everyone," shared Jeff Lee, Navajo County Public Health Director, "and the Navajo County Public Health Department is here to support you any way we can—you probably have questions about transitioning your business to pick-up, delivery, and/or drive-through. Give us a call at 928-414-1482 with questions and let's work together."
